Re: Fall 2016 “360” Conference

Fr: John Edgar, Associate Executive Secretary

Enclosed you will find information for your Chapter’s 360 Conference participants. **Please copy and distribute the following information to your Chapter’s 2016 “360” Conference attendees.** Please note that letters will **not** be mailed to individual students, so it is important that the students are made aware of the following details. Your assistance in this matter is greatly appreciated.

Registration will begin at 10:00 a.m. on Friday, November 18, 2016 at the Marriott Hotel Normal, Illinois (hotel phone number: (309) 862-9000.) The hotel’s address is 201 Broadway Ave, Normal, IL 61761. Your students need to arrive in official dress so they may have a photo taken with the State FFA Officers for a conference press release that will be sent after the event. They should plan to wear official dress for the Friday afternoon session and the Saturday morning session. Casual dress will be appropriate for the Friday evening activities. As there will be a pool available, students may want to pack a swimsuit as well.

We will be providing three full meals (Friday lunch and supper, as well as Saturday breakfast), if sodas or snacks are desired during the breaks, students need to budget accordingly. Taking all the “extras” into account, \$20-\$25 in spare cash should be more than enough for most students.

The 360 Conference is an excellent opportunity for students to develop personal and leadership skills that will lead them to success. If you or your students have any questions or concerns, please feel free to contact the Illinois FFA Center at (217) 753-3328. On behalf of the 2016-2017 Illinois Association FFA Officers and myself, we look forward to seeing you at the 2016 “360” Conference!

2016 360 ° Conference Schedule (tentative)

The overarching objectives for the 2016-2017 360° Vision conference include: - Define vision and compare/contrast leaders with and without vision

- Discover the vision cycle and create a vision
- Discover the value of setting goals
- Identify strategies to recruit followers to execute a vision
- Define persistence and identify the steps of the persistence cycle
- Discover strategies used in evaluation of a vision
